

Thank you for your interest in our business. Please read the following information.

Why Buy A LiceSquad Inc. Franchise?

Our company is growing rapidly. To date we have twelve successful franchises operating in Ontario. A LiceSquad Inc. franchise is easy to operate, the initial investment is low and returns can be seen in as little as six months to a year. We have innovated the way in which head lice are being treated and provide you with everything that you need to get started in this new and exciting industry.

Why Franchising?

As the demand for our services continues to rise, we need to be accessible to those communities that need us. Franchising is an ideal way to make this happen. People generally purchase franchises because they take comfort in the many years of previous experience, hard work and knowledge that a franchisor has to offer. There is a level of security associated with being under the umbrella of a well known and reputable business name. [What's in a name you ask?](#) Integrity, reputation and a track record for success, reliability and outstanding customer service is in the LiceSquad name.

Buying an established franchise means that you are buying into the many years of marketing and hard work that the franchisor has put into the building of the business, its name and its reputation. The franchisor cares for the business and those involved in it. Therefore your success is encouraged and your path is set out for you in advance. [A good franchisor](#) uses the majority of profits earned from franchising and puts them back into the business to further grow and market the name, concept and exposure. It is a win-win scenario for all involved.

If you are seriously considering a home based business that is flexible to your schedule, rewarding and cost effective, this may be the opportunity that you have been looking for.

Make No Mistake. LiceSquad Inc. franchise opportunities will not last long.

The problem of head lice is not going away. Our help and services are needed. You could be that help with our assistance. We welcome you to join our award-winning team of professionals. **Ideal candidates should possess nursing, hairdressing or PSW credentials and have past head lice experience.**

To apply

Please print off and fill in the two forms on our franchise page. One is the application; the other is a non-competition form. You must send these two documents into our head office. Please call us at 705 456-4440 for the mailing address. Once we receive these two documents, we will send you a complete disclosure package pertaining to the franchise area that you are interested in. This will include price, details about the business, a territory summary and all the legal documents required for you to make a sound decision about this opportunity. We suggest having a lawyer or legal advisor review these materials for your benefit before you decide to proceed.

Serious enquiries only please.

USA is sold by the state.

Montréal - Opportunity Knocks.

We desperately need someone to establish a franchise in Montréal. We get many calls daily for our services and products in this area and we need a business-minded and empathetic person to meet this demand. We are looking for an individual or partnership willing to take the time to convert our information into French and to assist us with providing head lice removal services and products. Please enquire if you have that time and a desire to successfully run a viable and rewarding business. This is a once in a lifetime opportunity and time is of the essence.

There are opportunities in many other provinces in Canada still available. We are also ready to establish US franchises.

Please call us for details.
